

COME RACE WITH ME !

Every year I do a run/walk for the Delta Gamma Center for Children with visual impairments. I even get to walk with all my Delta Gamma friends.

But I need your help!

I get to participate in musical theater & deepen my friendships

*Please support
DGC For visual impairments
Run/Walk Fundraiser*

Did you know *Vision* is our most dominant and highly developed sense.

80% to 90% of the information we gather comes to us through our eyes...
DGC helps Tori & others learn how to relate to the world around them.

Because of the Delta Gamma Center:

- Tori continues to grow in independence
- Tori is learning to speak up for herself at school
- Tori sees herself as *accomplished* & *important*
- We feel understood and supported as parents of a special needs child
 - We continue to learn how to speak up for Tori in her education, her place in her community & the next phases of her life: adulthood & vocation

Tori & a school friend participate in a musical through Delta Gamma Ctr.

Tori will know the impact of your gift. If you would like to donate to Tori's Road Runner fund for the May 3rd Run/Walk, please go to the webpage
